

Year 7 Parents Information Evening

Monday 7th November 2022

Thank You!

Thank you for all your hard work to date in supporting your child's transition to Seven Kings school. They and we could not have done it without you!

The students are really starting to find their feet and we are really enjoying to get to know them and their personalities!

We know you still have lots of questions so we thought we would give you a bit more of an insight into our daily routines and how you can continue to help your child.

What a great start!

- 95.12% attendance as a year group (best in the whole school but we can still do better)!
- More than 50 students who have hit the first merit milestone of 25, with many more only a few more away!
- 827 books have been borrowed by Year 7 students from the school library since September!
- Praise being received from teachers daily about not only individual students, but whole classes too.
- Students have been embracing both the school and Year 7 motto. It has honestly been such a pleasure to watch them grow since starting.

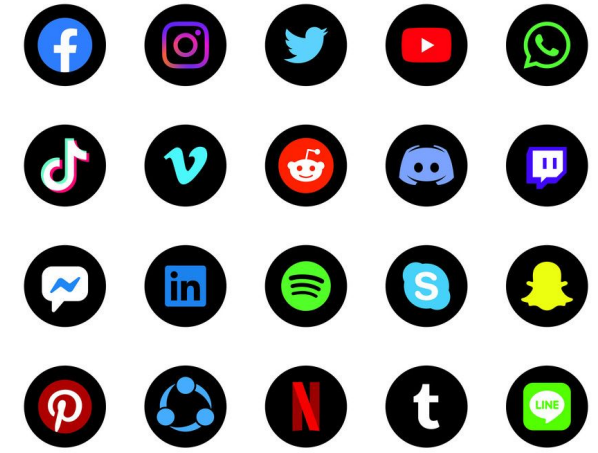

Year 7 Vision and Motto

*We are an optimistic, kind and respectful year group. We value **'Friendship'** by treating one another with empathy and taking pride in our successes as a community. We embrace and celebrate our differences to create an inclusive and safe environment. We seek, accept and overcome challenges with resilience in order to seize **'Opportunities'** to grow and thrive as learners and individuals. We strive to exceed expectations and proudly **'Wear the Crown'** to achieve **'Excellence'** in all our pursuits.*

We are Year 7 and we are Seven Kings!

Year Group Motto - Better and Stronger Together!

E-Safety - Social Media

How many social media platforms can you name?

How many of these platforms does your child use?

Social Media

The terms and conditions for most of these platforms state that children must be 13 years old to open an account. Therefore, no student in Year 7 should have access to any social media platform.

Any platform where a child can engage in conversation is considered social media this includes apps like Roblox, Minecraft etc.

It is really important that when they are of age use of any app is closely monitored.

Social Media
['sō-shəl 'mē-dē-ə]

A computer-based technology that facilitates the sharing of ideas, thoughts, and information through virtual networks and communities.

Office for National Statistics - March 2020

Children's Online Behaviour

- 9 in 10 children (89%) aged 10 to 15 years said they went online every day.
- **1 in 6 children (17%) aged 10 to 15 years spoke with someone they had never met before (equivalent to 682,000 children).**
- 1 in 50 children (2%) said that they spoke to or messaged someone online who they thought was their age but later found out were much older.
- **5% of children aged 10 to 15 years met up in person with someone they had only spoken to online (equivalent to 212,000 children)**
- **1 in 10 children (11%) aged 13 to 15 years reported receiving a sexual message, while 1 in 100 reported sending a sexual message.**
- Girls aged 13 to 15 years were significantly more likely to report receiving sexual messages than boys (16% compared with 6%).
- **The majority of parents or guardians of children aged 10 to 15 years (64%) had some sort of rules about the length of time and when their children can go online.**

The impact of social media...

How social media
influences children
age 13-17

Encouraging Safe Habits Online

- Talk to your child about the websites, games and apps that they use.
- Be positive about the internet.
- Try not to overreact to minor issues.
- Keep PCs, laptops and games consoles out of bedrooms wherever possible.
- Set clear and consistent ground rules and expectations for your child's online behaviour.

1 I only go online with a grown up

2 I am kind online

3 I keep information about me safe

4 I tell a grown up if something online makes me unhappy

Encouraging Safe Habits Online

- Talk to your child about the websites, games and apps that they use. By understanding and involving yourself in their internet use, you are helping them keep safe.
- Be positive about the internet and remember that it is a fantastic learning and communication tool.
- Try not to overreact to minor issues. Children often worry that you may take away their internet access, they may become secretive and hide problems from you.
- Keep PCs, laptops and games consoles out of bedrooms wherever possible. Having the laptop in a family room makes it easier for you to monitor your child's internet use, whilst still giving them privacy. We need to be asking children regularly, "Where are they going online and how are they using it?" Please don't assume all children use the internet the same way.
- Set clear and consistent ground rules and expectations for your child's online behaviour. If they understand what is and is not acceptable, it may help them with any problems in the future.

1 I only go online with a grown up

2 I am kind online

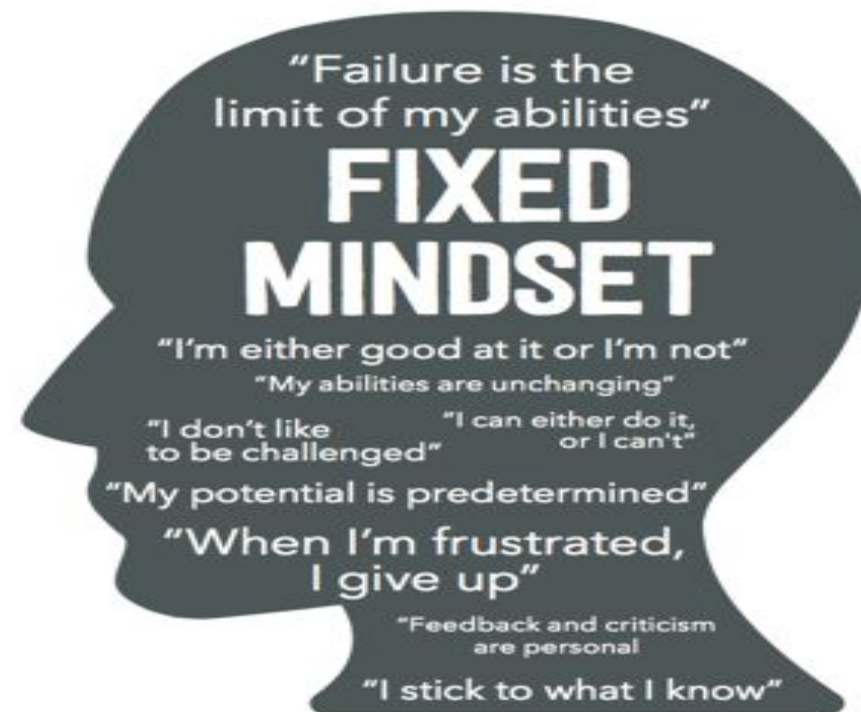

3 I keep information about me safe

4 I tell a grown up if something online makes me unhappy

Talking to Your Child

Meet the Team
