

Secondary School Early Career Framework Programme 2023-24

Providing the right foundations for Early Career Teachers to learn, grow and flourish throughout their teaching careers

As a Partnership we know that getting the best start for our newest teachers ensures that our children have the best education possible and that high quality teachers are developed, inspired and retained in our classrooms.

Our Early Career Programme blends face-to-face training sessions where ECTs can learn from experienced practitioners and their peers, with self-study reading and reflection. Our detailed ECF Overview provides mentors with the week-by-week structures and support they need to provide the best induction possible for their ECTs.

The Seven Kings Learning Partnership Programme builds on the legacy of success of our NQT and RQT programmes which have been supporting, developing and inspiring teachers in the early stages of their careers for almost 20 years.

Our Offer

6 face-to-face sessions in each year led by experienced leaders and practitioners from across the Partnership

A detailed, focused, manageable programme for the ECT, mentor and induction tutor to follow each week in their own schools

A residential in Year 1 to enable in-depth learning, reflection and networking

Ongoing support from the Partnership ECF team

The Early Career Framework Journal to support ECTs and Mentors in reflection

Mentor Training and support throughout the 2 year programme

Cost per ECT
Year 1: £450
Year 2: £300

To find out more or to book places for your ECTs please contact Carol O'Brien, PA to the Seven Kings Learning Partnership:
